

2020 | STEM COLLEGE AND CAREER FAIRS SPONSOR PROSPECTUS

St. Louis | Kansas City | Baltimore – Greater Washington, DC | Denver

MEET THE NEXT GENERATION OF STEM LEADERS

Reach over **10,000** students interested in your information about degrees, internships, scholarships, and summer programs.

Hear from NACAC STEM sponsors:

“NACAC’s STEM College and Career Fairs have been some of the most rewarding events I have attended as an admission professional. No matter which city or territory these fairs have been in, the quality and the talent level of the students in attendance are second to none. **The students that attend the STEM College and Career Fairs are focused, driven, and talented.** These fairs give employers and educators the chance to guide and grow their passions, and give students the resources necessary to positively influence the world in the years to come.”

—Chris Penberthy, STEM & Military/Veteran Enrollment Coordinator, Saint Louis University (MO)

“Since 2014, C2 Education has been proud to be a sponsor and speaker for the NACAC College Fairs, and it’s been exciting for us to see the evolution of the STEM Fairs in recent times. **The STEM Fairs attract a diverse, competitive, and intelligent group of students who are well-informed and goal-oriented.** C2’s educators are able to dive deep with each student and parent we meet because they attend the STEM Fairs with knowledge and purpose. We feel incredibly fortunate to have such rich and engaging conversations with families and love the detailed, targeted questions from students.

—Edward Kim, Vice President, C2 Education (GA)
